WORK EXPERIENCE

Apollo Micro system Ltd, Hyderabad.

02/2021-10/2025(Present)

Achievements/Tasks

Oracle EPM ARCS Consultant

02/2022-10/2025-Present

- Transitioned into Oracle EPM, focusing on Account Reconciliation Cloud Services (ARCS).
- Working on implementation, configuration, and support for clients in financial reconciliation processes.

- Delivered ongoing support to ensure reliable and efficient operation of all data integration and reconciliation tasks.

Oracle ARCS – Reporting and Analysis

- Skilled in developing and analyzing Reconciliation Compliance and Transaction Matching reports for close monitoring and audit readiness.
- Experienced in creating custom dashboards and reports for management insights and KPI tracking.
- Proficient in report bursting, scheduling, and automation to streamline month-end reporting cycles.
- Expertise in leveraging prebuilt reports (Reconciliation Status, Aging, and Profile Listing) for performance and exception analysis.

CLIENT PROJECTS

Oracle ARCS Reconciliation Compliance Implementation

- Strong skills in configuring the Reconciliation Compliance module, including Period Mapping, Holiday Rules, Organizational Units, Attributes, Account Types, and Profiles & Formats.
- Configuring and managing Group and Summary Reconciliations to streamline reconciliation processes across multiple accounts and entities.
- Hands-on experience in setting up Data Management to support reconciliation processes and ensure data accuracy.
- Exposure to using EPM Automate for automating routine reconciliation tasks, including script creation and basic troubleshooting.
- Able to assist in post-implementation activities such as monitoring tasks and resolving basic client issues.

Oracle FCCS & ARCS Integration

- Good understanding of Oracle FCCS basics, including consolidation and close processes, and its integration with Oracle ARCS for balance loading and reconciliation alignment.
- Familiar with the process of posting journal entries from ARCS to FCCS to ensure data accuracy during financial close.

SKILL

Oracle ARCS

Transaction Matching

Reconciliation Compliance

EPM Automate

Data Exchange/Data Management

Strong Work Ethic

Oracle ARCS Transaction Matching Support and implementation.

- Configured the implementation of the Transaction Matching module in Oracle ARCS for high-volume accounts.
- Evaluated client reconciliation processes and designed a global transaction matching solution across multiple operating companies.
- Configured Match Types, Matching Rules, Auto-Match Settings, and Data Sources to align with client reconciliation requirements.

Oracle ARCS Data Integration and Support

- Managed the seamless integration and file-based data load processes using Oracle ARCS Data Management, ensuring smooth data flow across.
- Managed end-to-end data flow, including mapping, transformation, validation, and load monitoring.
- Resolved integration issues related to data load failures, mapping mismatches, and transformation errors.
